COMMUNITY MEETING FOR
CULVER BOULEVARD REALIGNMENT PROJECT, P-460

Dear Sir or Madam:

We would like to invite you to a community meeting to discuss the preliminary design of the street improvement project along Culver Boulevard between Sepulveda Boulevard and Elenda Street.

This project is the continuation of the widening of Culver Boulevard that was started by CALTRANS as part of the 405 Freeway widening in 2002. The Public Works Department is excited about this project as it will resolve many traffic issues along this reach of Culver Boulevard; will incorporate an environmentally friendly component in the form of a green street design and bio swales in the bike path/landscape area; and provide for a safer and more aesthetically pleasing street (please refer to attached exhibit). The meeting will be held on **Tuesday, January 21, 2014 at 6:00 p.m. in the Rotunda Room of the Veteran's Memorial Complex located at 4117 Overland Avenue.**

If you have any questions, please contact me at (310) 253-5606 or via email at andy.o'connell@culvercity.org.

We look forward to seeing you on the evening of January 21, 2014.

Sincerely,

Andy O'Connell, P.E.
Senior Civil Engineer
