

Intergenerational Projects

@ the Culver City Senior Center

The Senior & Social Services Division has been proud to host three intergenerational projects in the first half of 2011. Our 2nd Annual Writing Project with 6th graders from Turning Point School took place over three months and involved weekly discussion groups, a musical performance and a final presentation with customized poems by the kids. A class of kindergartners from The Willows Community School joined our karaoke group for a session of singing and dancing in April. Finally, 4th graders from Worthington Elementary who were part of the LEAP after-school program interviewed some of our members and then wrote and presented an illustrated autobiography book. We've been happy to have such wonderful partnerships, benefitting both the children and adults in our local community!
