**Green sheet required for residential rewiring

PLEASE TURN FORM OVER TO CONTINUE ➡

**THIS SECTION APPLIES TO
COMMERCIAL AND MULTI-UNIT
RESIDENTIAL PROJECTS ONLY**

PLEASE CHECK ALL THAT APPLY:

- Work area is over 2,000 square feet
- Service panel over 200 amps
- Commercial kitchen renovation
- Relocating or replacing over 50%
of fixtures
- Installation of telecommunication/
cell site
- Construction of new multi-unit
residential building of three or more units

Note: If any of the items above are checked, plan check will be required. The procedure for plan check is as follows: submit two sets of electrical plans along with a completed Electrical Permit Application to Building Safety for review by the Electrical Inspector/Plan checker. This review will take approximately 5 to 15 business days.
