

# Are You *Recycling* Your

## CARDBOARD?

**No?** Well, did you know you can save some **\$\$\$\$\$** if you do?

That's right, do the math: The City charges you for every pickup scheduled for your refuse bins, right? **Wrong!**—not if it's a cardboard recycle bin! So, if you put your cardboard in one bin and your trash in the other, your cost will be lowered since your need for trash bin pickups will be reduced. Plus, you will be doing your part to preserve the environment and our natural resources.

So, save some money and help ***your*** environment at the same time -- call the Culver City Sanitation Division to order your **free** cardboard bin today at **310-253-6400**.
