

COMMONWEALTH ALLEY SEWER IMPROVEMENT PROJECT, P-773

This is to advise you that the Public Works Department/Engineering Division is managing a City sewer improvement project along Culver Boulevard, Commonwealth Alley, and Arvee Street, east of Sepulveda Boulevard. This sewer improvement project will be replacing the existing sewer mains and installing a new sewer main starting at the south side of Culver Boulevard and northerly to Arvee Street. Map is attached. The work will begin **Monday, May 14, 2007 and is expected to be completed by June 15, 2007.**

The hours of work will be from 8:00 a.m. to 5:00 p.m., Monday through Friday, and with work no work on weekends except across Culver Boulevard to minimize the impacts to traffic. Work will not be performed on Holidays. Please direct all inquiries or concerns to either the City's Project Manager or the Construction Superintendent noted below.
