Measure Y Sales Tax Update

Measure Y is a voter-approved one-half percent transaction and use tax adopted to maintain City of Culver City critical services. With limited exceptions, the transactions and use tax is imposed on the same goods and merchandise as the local sales and use tax. The 10-year measure gained overwhelming voter approval in November 2012 and went into effect April 2013 to provide necessary resources to resolve the City's structural deficit issues and continue services at existing levels. Measure Y contains a sunset provision, which will result in the expiration of the measure on March 31, 2023 if not reauthorized by voters.
