**Governor's Message:** To the Members of the California State Assembly: I am returning Assembly Bill 344 without my signature. This bill establishes the New Beginning California Program within the Department of Community Services and Development, which would provide a maximum of 50 grants annually to award matching funds of up to \$50,000 to cities, counties, and local continuum of care programs to implement or expand employment programs for homeless individuals. While the intent of this measure is laudable, it creates General Fund cost pressures and should be considered in the annual budget process. Moreover, the 2019 Budget Act includes \$650 million for local jurisdictions to combat homelessness, of which employment programs are an eligible use. Sincerely, Gavin Newsom

**Governor's Message:** To the Members of the California State Senate: I am returning Senate Bill 5 without my signature. This bill would establish the Affordable Housing and Community Development Investment Program through which local agencies may redirect property tax revenue for schools to fund affordable housing and related infrastructure. California is in a housing crisis, and I have consistently maintained we need to use all the tools in our toolbox to address it. However, this bill would increase costs by \$2 billion annually once fully implemented. Legislation with such a significant fiscal impact needs to be part of budget deliberations so that it can be considered in light of other priorities. I will continue to work collaboratively with the Legislature next year to continue to support increased housing production at all income levels across our state. Sincerely, Gavin Newsom
