PROJECT:

Title and Case No.: Zoning Code Amendment – Off-street Parking and Loading
P2022-0234-ZCA

Address/Location: City initiated (Citywide)

Project Description: Zoning Code Amendment to eliminate minimum required parking and revise standards for automated parking/parking stackers, bicycle parking, and loading.

APPLICANT: City of Culver City, 9770 Culver Boulevard, Culver City, CA 90232

CULVER CITY APPROVAL ACTION:

1. The City Council on October 24, 2022, approved the above-described project.

The decision-making body, in approving the project described above, determined that the project is exempt from further environmental impact assessment per the California Environmental Quality Act (CEQA) guidelines, pursuant to Section 15061(b)(3).

2. Reason why project is Exempt (brief):

The Zoning Code Amendment (Project) is considered exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3), Common Sense Exemption, because it can be seen with certainty there is no possibility the Project will have a significant effect on the environment. The Project, by itself, does not result in any physical changes in the environment because it will only amend the Zoning Code as it relates to requirements for parking, bicycle parking, and loading as part of future development, and does not result in changes to existing land use, density, or intensification of development beyond what the Zoning Code currently allows.
