**Thirty-Second Supplement to Public Order Under
City of Culver City Emergency Authority**

Issue Date: November 30, 2020

**Subject: TEMPORARY TARGETED SAFER AT HOME SURGE RESPONSE
ORDER EFFECTIVE NOVEMBER 30, 2020 THROUGH DECEMBER 20,
2020.**

This Thirty-Second Supplement to Public Order addresses the Los Angeles County Public Health Officer's Temporary Targeted Safer at Home: Tier 1 Substantial Surge Response Order ("Temporary Surge Response Order") issued November 28, 2020 and effective November 30, 2020 through December 20, 2020. The Temporary Surge Response Order was issued as a response to the recent substantial rise in COVID-19 cases, hospitalizations, and deaths. The Temporary Surge Response Order was issued to ensure that County residents remain in their residences as much as practicable, and to limit close contact with others outside of their household in both indoor and outdoor spaces, to further reduce the risk of community transmission of COVID-19.

Background

On March 14, 2020, the City Manager, as Director of Emergency Services, issued a Proclamation of Local Emergency, due to the outbreak and spread of the Coronavirus Respiratory Disease (COVID-19), which was ratified by the City Council on March 18, 2020 by Resolution No. 2020-R015. Beginning on March 16, 2020, the City Manager issued a number of public orders, closing many businesses and significantly restricting the operations of others, consistent with various supplemental orders that were issued by the State of California and the Los Angeles County Department of Public Health, as well as a number of neighboring communities.

In the early part of May 2020, the County of Los Angeles announced its Roadmap to Recovery, A Phased Approach to Reopening Safely, which allowed certain businesses and activities to slowly reopen and resume, subject to strict public health protocols. Although this phased reopening allowed some businesses to open and some activities to resume, many other businesses remained closed and activities were not permitted.

In late June and early July, 2020, due to increases in the daily reported COVID-19 cases, hospitalizations, and the testing positivity rates, the Los Angeles County Public Health Officer issued revised orders, in alignment with the California Governor's announcements, requiring the closure of specific activities and business sectors, superseding previous orders (which had allowed many businesses to reopen), to address the serious regression of COVID-19 indicators within Los Angeles County. Such closures of certain higher risk businesses, recreational sites, commercial properties, and activities,

where more frequent and prolonged person-to-person contacts are likely to occur, superseded any previous openings permitted in Culver City.

As of this date, new COVID-19 cases remain at alarming levels. The State of California issued a Limited Stay at Home Order (“Stay at Home Order”) on November 19, 2020 for all counties under Tier One of California’s Blueprint for a Safer Economy, including Los Angeles County. The Stay at Home Order requires that all gatherings with members of other households and all activities conducted outside the residence with members of other households cease between the hours of 10:00 p.m. and 5:00 a.m., except for those activities associated with the operation, maintenance, or usage of critical infrastructure or required by law. Further, the County of Los Angeles issued a Tier 1 Surge Response Order on November 19, 2020 and November 25, 2020, and on November 28, 2020 issued the Temporary Surge Response Order.

Temporary Surge Response Order

To align with the County of Los Angeles Public Health Officer’s Temporary Surge Response Order, and to support the safe reopening of businesses and safe participation in recreational activities within the City, by virtue of authority vested in me as the Director of Emergency Services, pursuant to the provisions of CCMC Section 3.09.020.B.1.h(2), to make and issue rules and regulations on matters reasonably related to the protection of persons, property and the environment as affected by such emergency, I hereby order:

People experiencing homelessness are not subject to this curfew. Any number of persons from the same household may leave their residence if they do not engage in any interaction with individuals from other households.

3. This Thirty-Second Supplement to Public Order temporarily supersedes any provision in a previous Order where there is a conflict between the Orders; otherwise all Stay at Home orders remain in place. Except as specifically provided in this Public Order, or existing County reopening protocols, all other public and private gatherings continue to be prohibited.

4. Additional social distancing, infection control, and health and safety measures and guidelines may be imposed at any time, in my sole discretion, in order to ensure the protection of the public's health and safety, and the intent of each and every Public Order is carried out.

Any violation of this Thirty-Second Supplement to Public Order may be enforced under the Culver City Municipal Code, which provides for fines not to exceed \$1,000 or imprisonment not to exceed six months. Each individual officer and City official should use their discretion in enforcing this order and always keep the intent of the order in mind.

**TEMPORARY TARGETED SAFER AT HOME HEALTH OFFICER ORDER FOR
CONTROL OF COVID-19: TIER 1 SUBSTANTIAL SURGE RESPONSE**

TEMPORARY TARGETED SAFER AT HOME HEALTH OFFICER ORDER FOR CONTROL OF COVID-19: *TIER 1 SUBSTANTIAL SURGE RESPONSE*

Revised Order Issued: **November 28, 2020**

Effective 12:01AM (PST) on November 30, 2020 to 11:59PM (PST) on December 20, 2020

Please read this Order carefully. Violation of or failure to comply with this Order is a crime punishable by fine, imprisonment, or both. (California Health and Safety Code §120295; Los Angeles County Code § 11.02.080.)

SUMMARY OF THE TEMPORARY ORDER:

This Temporary Targeted Safer At Home Order for Control of COVID-19: Tier 1 Substantial Surge Response (Temporary Order) is issued to temporarily replace the most recently issued Reopening Safer At Work And In The Community For Control of COVID-19 Order (Order) issued by the County of Los Angeles Health Officer (Health Officer). This Temporary Order will be effective from 12:01am ((Pacific Standard Time (PST)) on November 30, 2020 to 11:59pm (PST) on December 20, 2020.

This Temporary Order is issued as a response to the recent substantial rise in COVID-19 cases, hospitalizations and deaths. Over the last five (5) calendar days, the County of Los Angeles is averaging over 4,500 newly diagnosed COVID-19 cases per day. Between November 13-27, 2020, hospitalizations of confirmed COVID-19 patients have increased by 101% to 1,893. The Health Officer expects both the number of new cases and hospitalizations to continue to rapidly increase over the next 21 days. Without rapid public health interventions, continued and substantial increases in both cases and hospitalizations will stress the health care system. This stress will limit the availability of Intensive Care Unit beds for non-COVID-19 hospitalizations.

This Temporary Order is issued to ensure that County of Los Angeles (County) residents remain in their residences as much as practicable, to limit close contact with others outside their household in both indoor and outdoor spaces and to further reduce the risk of community transmission of COVID-19 resulting from the unprecedented surge of new daily cases. This Temporary Order is issued to reduce capacity at sites where non-household members interact. Limiting interactions among non-household members, especially in places where persons are in close proximity without a face covering or mask, is essential to slowing the spread of COVID-19. It is imperative that all persons and businesses within in the County take personal responsibility and follow all restrictions and infection control precautions required by this Temporary Order.

TEMPORARY TARGETED SAFER AT HOME HEALTH OFFICER ORDER FOR CONTROL OF COVID-19: TIER 1 SUBSTANTIAL SURGE RESPONSE

This Temporary Order is effective within the County of Los Angeles Public Health Jurisdiction, defined as all cities and unincorporated areas within the County of Los Angeles, with the exception of the cities of Long Beach and Pasadena that must follow their respective City Health Officer orders and guidance. This Order is effective November 30, 2020 and will continue for 21 days.

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE COUNTY OF LOS ANGELES HEALTH OFFICER ORDERS:

1. This Temporary Order replaces the most recently issued Reopening Safer At Work And In The Community For Control of COVID-19 Order (Order) issued by the County of Los Angeles Health Officer (Health Officer). That Order is suspended until the expiration of this Temporary Order. This Temporary Order is issued to slow the current high rates of COVID-19 community transmission within the County. The Health Officer will continue to assess COVID-19 indicators within the County and the effectiveness of this Temporary Order on an ongoing basis and determine, after consultation with the Board of Supervisors, whether this Temporary Order needs to be modified or extended if the public health risk associated with COVID-19 increases in the future.
2. This Temporary Order's intent is to continue to ensure that County residents remain in their residences as much as practicable, to limit close contact with others outside their household in both indoor and outdoor spaces and to further reduce the increased risk of community transmission of COVID-19 resulting from the unprecedented surge of new daily cases. All persons who can telework or work from home should continue to do so as much as possible during this pandemic. The public's adherence to sustained Social (Physical) Distancing and infection control measures will slow the spread of COVID-19 and diminish its impact on the delivery of critical healthcare services. Failure to comply with any of the Temporary Order's provisions constitutes an imminent threat and menace to public health, and a public nuisance, and is punishable by fine, imprisonment or both.
3. All persons within the County Public Health Jurisdiction must stay home, except to travel to and from Essential Businesses, to work at or provide service to a Healthcare Operation or Essential Infrastructure, to work at, perform or obtain services from an Essential Governmental Function, to engage in Essential Activities, or to participate in permitted individual or household activities while practicing social distancing.
 - a) Nothing in this Temporary Order prohibits persons living together as a single household in a household or living unit ("household") from engaging in permitted activities together. For purposes of this Temporary Order, a "household" shall not

include institutional group living situations such as dormitories, fraternities, sororities, monasteries, convents, or residential care facilities, nor does it include such commercial group living arrangements as boarding houses, hotels, or motels.¹

- b) All public and private gatherings and events with people from more than one household are not permitted except for outdoor faith-based services and outdoor protests, and as provided in Paragraph 9 of this Temporary Order.
- c) People leaving their residences must strictly comply with the Social (Physical) Distancing, as specified in guidance or protocols established by the County Department of Public Health. This Temporary Order requires all persons wear a face covering or mask over both the nose and mouth whenever they leave their place of residence and are or can be in contact with or walking near or past others who are non-household members in both public and private places, whether indoors or outdoors. This includes wearing a face covering or mask when patronizing a business. Wearing a face covering or mask reduces the risk of transmission to others from people who do not have symptoms and do not know they are infected. The use of face coverings is commonly referred to as “source control.”
- d) Persons and businesses within the County of Los Angeles Public Health Jurisdiction are required to follow the local COVID-19 infection control protocols and guidance provided by the County Department of Public Health. In instances where the County has not provided a specific guidance or protocol, specific guidance or protocols established by the State Public Health Officer shall control. All businesses must comply with the County Public Health Protocol applicable to that business sector.
 - i. In the event that an owner, manager, or operator of any business knows of three (3) or more cases of COVID-19 among their employees within a span of 14 days, the employer must report this outbreak to the Department of Public Health at (888) 397-3993 or (213) 240-7821.
 - ii. In the event that an owner, manager, or operator of any business is informed that one or more employees of the business has tested positive for, or has symptoms consistent with COVID-19 (case), the employer must have a

This Temporary Order does not apply to persons experiencing homelessness.
