Governor's Message: To the Members of the California State Senate: I am signing Senate Bill 54, the California Values Act. This bill states that local authorities will not ask about immigration status during routine interactions. It also bans unconstitutional detainer requests and prohibits the commandeering of local officials to do the work of immigration agents. The bill further directs our Attorney General to promulgate model policies for local and state health, education, labor and judiciary officials to follow when they deal with immigration matters. In enshrining these new protections, it is important to note what the bill does not do. This bill does not prevent or prohibit Immigration and Customs Enforcement or the Department of Homeland Security from doing their own work in any way. They are free to use their own considerable resources to enforce federal immigration law in California. Moreover, the bill does not prohibit sheriffs from granting immigration authorities access to California jails to conduct routine interviews, nor does it prevent cooperation in deportation proceedings from anyone in state prison or for those in local jails for any of the hundreds of serious offenses listed in the TRUST Act. These are uncertain times for undocumented Californians and their families, and this bill strikes a balance that will protect public safety, while bringing a measure of comfort to those families who are now living in fear every day. Sincerely, Edmund G. Brown Jr.

SB 212 (Jackson D) Solid waste: pharmaceutical and sharps waste stewardship.

Status: 9/30/2018-Approved by the Governor. Chaptered by Secretary of State. Chapter 1004, Statutes of 2018.

Culver City Position: Support [SB 212 \(Jackson\) Request for Signature 09.21.17](#)

Governor's Message: To the Members of the California State Senate: I am signing Senate Bill 212 which establishes a program for the collection and disposal of home-generated pharmaceutical drugs and sharps waste. While this bill is an important step forward towards managing household generated medical waste, last minute amendments created ambiguity that might impact the effectiveness of this program. Therefore, I urge the Legislature to provide continuous oversight to ensure that the Department of Resources, Recycling and Recovery has the appropriate enforcement tools to ensure compliance and that the program offers the level of collection the author envisioned. Sincerely, Edmund G. Brown Jr.

Location: 10/15/2017-S. VETOED

Culver City Position: Oppose [SB 649 \(Hueso\) Asm Appropriations Oppose 07.27.17](#), [SB 649 \(Hueso\) Asm Comm. and Convey. Oppose 06.20.17](#), [SB 649 \(Hueso\) ASM Local Gov. Governor's Message: To the Members of the California State Senate: I am returning Senate Bill 649 without my signature. This bill establishes a uniform permitting process for small cell wireless equipment and fixes the rates local governments may charge for placement of that equipment on city or county owned property, such as streetlights and traffic signal poles. There is something of real value in having a process that results in extending this innovative technology rapidly and efficiently. Nevertheless, I believe that the interest which localities have in managing rights of way requires a more balanced solution than the one achieved in this bill. Sincerely, Edmund G. Brown Jr.
