HOW DO YOU INTEND TO SATISFY THE ART IN PUBLIC PLACES PROGRAM (APPP) FOR DEVELOPMENT PROJECTS?

Please consider the following before you make your decision. You may also refer to the Process and Flow Chart attached.

1. IN LIEU FEE
   Pay 1% of the total Building Permit’s valuation into the Cultural Trust Fund prior to issuance of any Building Permit. Those funds are restricted for public arts needs in future. Applicant may voluntarily increase their APPP allocation to at least $75,000 to qualify for alternate options listed below (§15.06.125.G);

2. COMMISSION PERMANENT ART
   Requires a minimum of $75,000 investment, and involves selection of a qualified artist via RFQ/RFP process. For projects with a 1% APPP allocation of $100,000 or more, the applicant is required to hire an art consultant from the City’s pre-qualified list (§15.06.125.H). The City advocates for diversity and inclusion in artists represented in the Art in Public Places Program. Permanent artworks commissioned under the APPP are intended to remain installed for 20 or more years (§15.06.110.M). Additionally, property owners are required to keep the artwork in good condition and are responsible for all maintenance/restoration costs (§15.06.150);

3. CULTURAL FACILITY
   Incorporate a Cultural Facility into the applicant’s development project, specifically designed as such and not to be used for any other purpose (§15.06.125.I);

4. ARCHITECTURE AS ART
   Requirements include that the architect be internationally recognized, demonstration of how the APPP component enhances the design of their project, and presentation before a special architectural panel and the CAC Public Art Sub-committee, before approval by the CAC (§15.06.165-170);

5. DONATE ARTWORK TO THE CITY
   Requires appraisal by an accredited appraiser to confirm equal or greater value to the APPP allocation, and approval by the Cultural Affairs Commission (CAC) and City Council (§15.06.145).

We, the undersigned, have read and understood the Culver City Art in Public Places Program Ordinance and the requirements outlined in this application. We understand that we must comply with the provisions of the Ordinance prior to a final inspection and the City’s issuance of a Certificate of Occupancy for the development or remodeling activity proposed above. We agree to cooperate with City Divisions as necessary to fulfill the terms and guidelines applicable to the activity proposed above. In addition, a covenant will be recorded at the completion of the project to ensure compliance with the Art in Public Places Ordinance and related administrative regulations.

For further information please see www.culvercity.org/PublicArtOrdinance or contact the Public Art Coordinator, Cultural Affairs Division at (310) 253-6003.

All parties listed below and involved with the project are required to sign. This application will not be considered complete until all necessary signatures have been obtained.
